Sigma Strategic Business Consult Limited (SigmaStrat) was on July 1, 2013 awarded Business Strategy Firm of the Year 2013 by Acquisition International, a UK based business publication, at the M&A Awards 2013.

ACCRA, Ghana -- This year's awards recognized winners across more than 130 regions.

Winners were determined by three factors, the first of which is the number of votes received. The voting forms were distributed to Acquisition International Magazine's dedicated base of 53,000+ subscribers. Beyond this we also have an in-house database of 85,000 individuals, all of whom have been actively involved in some form of transactional activity over the course of the last two years. The second factor is our substantial in-house research. This is a vital stage on the basis that we accept both self and third party nominations. Thirdly, we ask the nominees to supply supporting documents which they feel may cement their nominations – all items we are sent are taken into consideration.

"2012 was undoubtedly a difficult year for M&A, but despite the market turbulence and challenging economic conditions around the world, the tireless efforts of our 2013 M&A Awards winners have ensured that successful deal-making continues," Commented Kathryn Turner, Chief Coordinator of the 2013 M&A Awards."
